3. Safety

A. The District will follow all safety mandates issued from the California Department of Public Health, as implemented by Riverside County Public Health (RCPH). It is understood that current health and safety mandates do not require plexiglass dividers in the classroom, and there will be no plexiglass dividers in place for summer learning.

The District anticipates that on June 15, 2021, the state of California will update its COVID-19 health and safety guidance. It is anticipated that this guidance will lessen or eliminate social distancing guidelines, including the current 6-foot student/teacher social distancing guideline. Upon the release of these guidelines, the District will review them and provide direction to staff and students. Upon notification from the District, the new guidance shall be implemented. If facial coverings continue to be mandated, the District will continue to make facial coverings available for students who show up to campus without a facial covering.

B. All elementary and secondary classrooms will be cleaned and sanitized in accordance with applicable guidance from the California Department of Public Health, as implemented by Riverside County Department of Public Health (RCDPH). If applicable, students and staff may be asked to wipe down their immediate work area before and/or after each class session.

4. To the extent it is inconsistent, this MOU supersedes any COVID MOU entered into for the 2020-2021 school year. Unless modified by this MOU, the provisions of the existing collective bargaining agreement remain in effect.

5. This MOU is a non-precedent setting and may not be cited to support any particular interpretation of the collective bargaining agreement.

6. This MOU will expire August 7, 2021, unless extended in writing by the Parties.
